TECHNICAL SKILLS

Programming Language
Pytho, C, Java

Web Development
JavaScript,HTML,CSS,PHP,FLUTTER(basics)

Databases
PostgreSQL, SQL

CORE COMPETENCIES

Organized
Time Management
Team Work

ACADEMIC PROJECT

SHESAFE - Women's Safety App

Developed a personal safety app, 'SheSafe,' designed to enhance women's security through three distinct modules: Admin, Police, and User. Utilized Python and Flutter to build the application, integrating features like SOS alerts and real-time tracking. Demonstrated expertise in full-stack development, collaborative problem-solving, and the application of modern programming technologies.

VOLUNTEER WORK
